TOGAF® 9 Training Levels 1 and 2 Combined

⁂ Course Overview:

The TOGAF® Standard, Version 9.2 is an improvement to the TOGAF® Standard, Version 9.1, providing improved guidance, fixing errors, refining the document structure, and removing obsolete content. The TOGAF® 9 Training Course: Level 1 and Level 2 Combined is a classroom-based course based on TOGAF® Standard, Version 9.2. This training provides an opportunity to architects and aspiring architects to strive for greater industry credibility and better career opportunities by possessing the updated knowledge and skill-set based on TOGAF Standard, Version 9.2.

This premium course is a comprehensive ITpreneurs training program for TOGAF. Participants receive a course book that includes the presentation materials supported by additional reading materials, reference cards, and exercises.

The Foundation (Part 1) certification provides validation that the candidate has gained knowledge of the terminology, structure, and basic concepts of TOGAF 9, and understands the core principles of Enterprise Architecture and TOGAF. The TOGAF 9 Certified (Part 2) content focuses on the practical application of TOGAF framework, building on the foundational knowledge and comprehension of Part 1, using practical scenarios to enforce concepts.

⁂ Course Outline:

1. Management
2. The TOGAF® 9 Components
3. Architecture Development Method
4. The Enterprise Continuum
5. The Architecture Repository
6. The Architecture Content Framework
